
DIGITALLY TRANSFORM YOUR PRINT AND DOCUMENT MANAGEMENT WITH CANON'S LEGAL SOLUTIONS

"Canon took the time to understand our needs right from the start and presented a proposal that suited what we wanted, not what they wanted to sell. Once they put it all in place, it all happened exactly as it should and the staff think it's great. Because the system is more productive, they've become more productive, so it's a win all round."

Mike Haworth
General Manager, Mahoneys

"In addition to the significant workflow and security efficiencies, what impressed us was Canon's clear, no-nonsense approach. As a company, we fully appreciate how the legal process can be very daunting for our clients, so we make it as clear as possible, using plain English at all times. Canon treated us in a similar way and it gave us great confidence."

Graeme McFadyen
CEO, Trilby Misso Lawyers

FOCUS ON YOUR CLIENTS WE'LL TAKE CARE OF THE OTHER DETAILS

ACCESS DOCUMENTS WHERE IT MATTERS

Ensure secure mobile access to key documents and information, and enable your team to securely print documents from their smartphones or tablets whilst on the go.

uniFLOW

YOUR DATA IS VALUABLE – SO PROTECT IT

Canon's secure print and document management solutions ensure that sensitive client information is accessed only by the right people within your firm. Implement permission-based protocols and strict version controls to ensure your document management and retention meets your audit and compliance requirements.
