

RF 28mm f/2.8 STM

TECHNICAL SPECIFICATIONS

Canon

RF 28mm f/2.8 STM

Ultra compact pancake lens

TAKE IT ANYWHERE, ANYTIME.

The RF 28mm f/2.8 STM is Canon's smallest, thinnest and lightest RF lens to date.* Weighing only 120g, it offers outstanding portability when paired with an EOS R series mirrorless camera.

FULL FRAME AND APS-C COMPATIBILITY

When paired with a EOS R series full frame camera, the RF 28mm f/2.8 STM offers a wide view great for landscapes, cityscapes and tight indoor spaces. When attached to an EOS R series APS-C camera the 45mm equivalent focal length offers a natural perspective ideal for portraits, everyday snapshots and food photography.

BEAUTIFULLY BLURRED BACKGROUNDS

Take advantage of the wide f/2.8 aperture for a shallow depth of field. Make your subject stand out with soft blurred backgrounds great for portraits and food photography.

IDEAL FOR VIDEO AND VLOGGING

Equipped with a stepping motor, the RF 28mm f/2.8 STM provides smooth and quiet autofocus. Supported with focus breathing correction, it automatically corrects changes in angle of view with focus movement during shooting.

*For RF lenses available as at 24 May 2023
